Hi Karla,

Could we do 12:30 to 1:30? I'd still like to wrap up my workday as earlier as possible. Thanks.

Then, if you are not rushing to get out of town, should we do it from 1:00 – 2:00 or 12:30 – 1:30 in case we run over from the morning?

I'm going to stay down there until later in the evening anyway, so that would be fine.

Why don't we check to see if people are willing to do it over lunch – 12:00 to 1:00.
I'll confirm with Jennifer that she is OK with that.
May be bad timing for your return to Seattle, though.
Karla.

Ok. So when just let me know what time you want to start then.

I would be interested to also hear an overview of: approvals and specific disapprovals (i.e., Tualatin de-listing, biocriteria, corrections from 2010 additions), and highlights of the points that EPA is signaling need to be changed or improved.

Seems like we should take a break after the full morning with Dwane and Megan.

I was thinking maybe an hour. Long enough to generally go over the additions, the timeline and a communication strategy. Is there anything else you wanted me to include?

Hi Karla,

I guess I'd like to do it as early as possible. Do you want to just take a quick break after they leave and then do it at 11:45, or want a lunch break first?

Hi Jill –

I would like to firm up the time in the afternoon of Jan 29 for the briefing on the 2012 EPA 303d additions/actions. Have you scheduled time for folks on your end?

Jennifer and I are available anytime Friday in the afternoon.

Thanks
Karla

Hi Jill –

Do you have an idea on the time we should block out for your briefing to us on the EPA 2012 action and additions? Sounds like our meeting with Dwane Young and Megan Tulloch should wrap up in the morning by 11:30.
